ORDER

New Delhi, the 27th July, 1991

S.O. 2029.—Whereas, in exercise of the powers conferred by section 6 of the Export (Quality Control and Inspection) Act, 1963 (22 of 1963), the Central Government is of opinion that it is necessary and expedient to amend the Order of the Government of India in the Ministry of Commerce S.O. No. 1153, dated 9 April, 1988 in the manner specified below:

And whereas the Central Government has formulated the proposals specified below for the said purpose and has forwarded the same to the Export Inspection Council as required by sub-rule (2) of rule 11 of the Export (Quality Control and Inspection) Rules, 1964;

Now, therefore, in pursuance of the said sub-rule, the Central Government hereby publishes the said proposals for the information of the public likely to be affected thereby.

2. Notice is hereby given that any person desiring to forward any objection or suggestion with respect to the said proposals may forward the same within forty-five days of the date of the publication of this Order in the Official Gazette to the Export Inspection Council, 11th floor, Pragati Tower, 26, Rajindra Place, New Delhi-110008.

PROPOSALS

In exercise of the powers conferred by section 6 of the Export (Quality Control and Inspection) Act, 1963 (22 of 1963), the Central Government, after consulting the Export Inspection Council, makes the following amendment in the notification of the Government of India in the Ministry of Commerce No. S.O. 1153, dated the 9th April, 1988, namely:

In the said notification, for item No. 10-Specification for any other unspecified items of frozen fish and fishery products, the following shall be substituted, namely:—

“General—In the case of any other unspecified items of frozen fish and fishery products, the specifications agreed to between the buyer and seller shall be applicable provided these conform to the Food Laws, if any, of the importing country. In the absence of such specifications, the specifications approved by the Panel of Experts appointed by the Export Inspection Council, provided such specifications conform to the Food Laws, if any, of the importing country shall be applicable.

For this purpose, Panel of Experts shall consist of—

- (a) a representative from Marine Product Export Development Authority.
- (b) a representative from Central Institute of Fisheries Technology.
- (c) a representative from Seafood Exporters Association, and
- (d) an officer from Export Inspection Agency.

Note :—For any unspecified type and variety, the actual name in full shall be given in the code slips in the case of all frozen fish and fishery products.”

MINISTRY OF PETROLEUM & NATURAL GAS

New Delhi, the 16th July, 1991

S.O. 2032.—Whereas it appears to the Central Government that it is necessary in the public interest that for supply of natural gas for Sonari Tea Gas Grid, District Sibsagar, Assam, Pipeline should be laid from existing 400 mm O.D. Lakwa-Namrup Trunk Pipeline to Tea Gardens of Sonari Tea Gas Grid, Sonari by Assam Gas Company Limited, Duliajan;

And whereas it appears that for the purpose of laying such pipeline it is necessary to acquire the Right of User in land described in the Schedule annexed hereto;

Now, therefore in exercise of the powers conferred by Sub-Section (1) of Section 3 of the Petroleum Pipeline (Acquisition of Right of User in Land) Act, 1962. (50 of 1962) the Central Government hereby declares its intention to acquire the right of user therein;

Provided that any person interested in the said land may within 21 days from the date of this notification, object to laying of the pipelines under the land to the competent Authority, viz. Deputy Commissioner, Sibsagar District, Assam;

And every person making such an objection shall also state specifically whether he wishes to be heard in person or or by a legal practitioner.

SCHEDULE

Laying of Gas Pipeline from existing Lakwa-Namrup 400 mm O.D. Natural Gas Pipeline to Tea Gardens of Sonari Tea Gas Grid.

[नं. प्रो.-12018/3/90—प्रो एन बी-डी 5-ए]

S.O. 2033.—Whereas it appears to the Central Government that it is necessary in the public interest that for supply of natural gas to the tea gardens of Dibrugarh Tea Gas Grid, District Dibrugarh, Assam, Pipeline should be laid from Duliajan to Tea Gardens of Dibrugarh Tea Gas Grid, Dibrugarh by Assam Gas Company Limited, Duliajan.

And whereas it appears that for the purpose of laying such pipeline it is necessary to acquire the Right of User in land described in the Schedule annexed hereto.

Now, therefore in exercise of the powers conferred by Sub-Section (1) of Section 3 of the Petitioner Pipeline (Acqui-

sition of Right of User in Land) Act, 1962, (50 of 1962) the Central Government hereby declares its intention to acquire the right of user therein.

Provided that any person interested in the said land may within 21 day from the date of notification, object to laying of the pipelines under the land to the competent Authority, viz. Deputy Commissioner, Dibrugarh District, Assam.

And every person making such an objection shall also state specifically whether he wishes to be heard or by a legal practitioner.

SCHEDULE

Laying of 12" (300mm)/8" (200mm) 6" (150mm) O.D. under ground natural gas pipe line from Duliajan to the Tea Gardens of Dibrugarh gas grid.

[No. O—12016/3/90-ONG-D 4-A]

का.पा. 2034--केन्द्रीय सरकार को यह प्रतीत होता है कि लोकहित में यह आवश्यक है कि बिबुगुटि गैस ग्रीड को प्राकृतिक गैस योगान के लिये बुलियाजान से बिबुगुटि गैस ग्रीड को भाय बागानी तक, आसाम गैस कम्पनी लिमिटेड, बुलियाजान द्वारा पार्श्व लाईन बिछाई जानी चाहिये।

और यतः यह प्रतीत होता है कि ऐसी लाईनों को बिछाने के प्रयोजन के लिये एन्डपाइड समसूची में वर्णित भूमि में उपयोग का अधिकार प्रजित करना आवश्यक है।

अतः अब पैट्रोलेयम और ज्वलित पार्श्व लाईन (भूमि में उपयोग के अधिकार का प्रर्वर्ण) अधिनियम 1963 (1962 का 20) की धारा 3 उपधारा (2) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए केन्द्रीय सरकार ने उसमें उपयोग का अधिकार प्रजित करने का अपना आशय एतद्वारा घोषित किया है।

नमते कि उपरतः भूमि में हितवन्त कोई व्यक्ति उस भूमि के नीचे पार्श्व लाईन बिछाने के लिये आक्षेप सक्षम अधिकारी उपायुक्त डिप्टी गड मासाम की इस अधिसूचना की तारीख से 21 दिनों के भीतर कर सकेगा।

और ऐसा आक्षेप करने वाला हर व्यक्ति निनिविष्टः यह भी कथन करेगा कि क्या वह यह चाहता है कि उसकी सुनवाई व्यक्तिगत हो या किसी विधिवत् साधों की माफत।

S.O. 2034.—Whereas it appears to the Central Government that it is necessary in the public interest that for supply of natural gas to the tea gardens of Dibrugarh Tea Gas Grid, District Dibrugarh, Assam, Pipeline should be laid from Duliajan to Tea Gardens of Dibrugarh Tea Gas Grid Dibrugarh by Assam Gas Company Limited, Duliajan.

And whereas it appears that for the purpose of laying such pipeline it is necessary to acquire the Right of User in land described in the Schedule annexed hereto.

Now, therefore in exercise of the powers conferred by Sub-section (1) of Section 3 of the Petroleum Pipeline

(Acquisition of Right of User in Land) Act, 1962 (50 of 1962), the Central Government hereby declares its intention to acquire the right of user therein.

Provided that any person interested in the said land may within 21 days from the date of notification, object to the laying of the pipelines under the land to the Competent Authority, viz. Deputy Commissioner, Dibrugarh District, Assam.

And every person making such an objection shall also state specifically whether he wishes to be heard in person or by a legal practitioner.

SCHEDULE

Laying of 12" (300mm)/8" (200 mm)/6" (150 mm) O D underground natural gas pipe line from Duliajan to the tea gardens of Dibrugarh tea gas grid.

S.O. 2035.—Whereas it appears to the Central Government that it is necessary in the public interest that for supply of natural gas to the tea gardens of Dibrugarh Tea Gas Grid, District Dibrugarh, Assam, Pipeline should be laid from Duliajan to Tea Gardens of Dibrugarh Tea Gas Grid, Dibrugarh by Assam Gas Company Limited, Duliajan.

And whereas it appears that for the purpose of laying such pipeline it is necessary to acquire the Right of User in land described in the Schedule annexed hereto.

Now, therefore in exercise of the powers conferred by Sub-Section (1) of Section 3 of the Petroleum Pipeline

(Acquisition of Right of User in Land) Act, 1962, (50 of 1962) the Central Government hereby declares its intention to acquire the Right of User therein.

Provided that any person interested in the said land may within 21 day from the date of this notification, object to the laying of the pipelines under the land to the competent Authority, viz. Deputy Commissioner, Dibrugarh District, Assam.

And every person making such an objection shall also state specifically whether he wishes to be heard in person or by a legal practitioner.

SCHEDULE

Laying of 8" (200m.m.)/4" (100 m.m.)/2" (50 m.m) O.D. under ground Natural Gas Pipeline from Duliajan to the tea estates of Dibrugarh Tea Gas Grid.

[सं. प्रो.-12016/3/90-प्रो एन जी डी-4 डी]

S.O. 2036.—Whereas it appears to the Central Government that it is necessary in the public interest that for supply of natural gas to the tea gardens of Dibrugarh Tea Gas Grid, District Dibrugarh, Assam, Pipeline should be laid from Duliajan to Tea Gardens of Dibrugarh Tea Gas Grid, Dibrugarh by Assam Gas Company Limited, Duliajan.

And whereas it appears that for the purpose of laying such pipeline it is necessary to acquire the Right of User in land described in the Schedule annexed hereto.

Now, therefore in exercise of the powers conferred by Sub-Section (1) of Section 3 of the Petroleum Pipeline

(Acquisition of Right of User in Land) Act, 1962 (50 of 1962) the Central Government hereby declares its intention to acquire the Right of User therein.

Provided that any person interested in the said land may within 21 days from the date of this notification, object to the laying of the pipelines under the land to the competent Authority, viz. Deputy Commissioner, Dibrugarh District, Assam.

And every person making such an objection shall also state specifically whether he wishes to be heard in person or by a legal practitioner.

SCHEDULE

Laying of 12" (300 mm)/8" (200 mm)/6" (150 mm) O D underground natural gas pipe line from Daulian to the tea gardens of Dibrugarh Tea Gas Grid.

Dated, the 30th May, 1991

AWARD

The Government of India in the Ministry of Labour in exercise of the powers conferred on them by clause (d) of sub-section (1) and sub-section (2A) of Section 10 of the Industrial Disputes Act, 1947 referred the dispute to the Central Government Industrial Tribunal, Calcutta vide Ministry's Order No. L-19012(48)/86-D.IV(B) dated 23rd January, 1987 for adjudication. Subsequently vide Ministry's Order No. S-11025(5)/87-D.IV(B) dated 21st September, 1987 the above dispute has been transferred to this Tribunal for adjudication on the following schedule:

SCHEDULE

"Whether the action of the management of Chinakuri Colliery of M/s. E. C. Ltd., P.O. Sunderchak, District Burdwan in superseding the workmen as mentioned in Annexure-A (below) by the workmen noted against their names is justified? If not, to what relief the workmen are entitled?"

The case of the union in brief is that all the 9 concerned workmen of this case mentioned in Annexure-A of the Reference Order are employees of Chinakuri Colliery Nos. 1, 2 & 3 Pits. They had been working in various posts for a pretty long time. In 1982 the scope of promotion opened for them. But the management disregarding all the convention, norms and rules of promotion, ignored the seniority and the suitability of the present 9 workmen. Without giving promotion to

these 9 concerned workmen the management gave promotion to 9 other workmen mentioned against the names of the present concerned workmen in the Order of Reference w.e.t. 21st April, 1982 though the promoted workmen were junior in service and also were not suitable for promotion.

The management adopted unfair labour practice and there was illegal discrimination in giving promotion to these 9 workmen superseding the present 9 concerned workmen. The principles of natural justice has been denied to these present 9 concerned workmen.

The present workmen raised a dispute through their union for such illegal discrimination and denial of natural justice. But the management turned deaf ears to their prayer and ultimately the matter was sent to the Ministry of Labour. In due course the Ministry of Labour has referred the dispute to this Tribunal for adjudication to decide whether the action of the management is justified.

3. The management has filed written objection contending inter-alia that the principles of natural justice were followed at the time of giving promotion to the 9 concerned workmen mentioned in the order of Reference against the names of present workmen considering their seniority and suitability. It has been further stated by the management that Chinakuri 1, 2 & 3 Pits are separate establishments and the workers employed in those mines are to be treated separately for their promotion in each pit/mine. According to the management there is no substance in the prayer of the employees. The management has also denied the other material averments of the written statement filed by the workmen.

4. According to the present position of law the union impleaded all the other 9 workmen who were given promotion superseding the present 9 workmen as alleged by them. Those workmen have appeared through Sri B. N. Lala, the learned Advocate for the management. They have filed joint written statement supporting the action of the management. Most of those promoted workmen have deposed in this case in support of their claim.

5. Before entering into the merits of the case it will be convenient to express my views regarding some points raised by the parties for the sake of convenience and to avoid repetition.

It has been contended from the side of the management that the management considered the efficiency of the workmen before their promotion and that has been proved from the evidence of MW-1 Sri Prangopal Das and MW-2 Sri B. K. Chatterjee. Those witnesses have stated that considering the performance of the workman they were given the promotion. We find that no confidential report was maintained regarding the performance of the workman. There was no test or interview before promotion. Considering those aspects I am unable to accept the view that the promotion were given on the basis of efficiency as there is no data for the same to check whether really the promotions were given on the basis of merit. So in a case like the present one we must look into the seniority of the workman to consider whether the management was justified in giving the promotion.

It has been contended from the side of the union that at the time of considering the seniority of the workmen this Tribunal must consider the date of entry in the service of the workman and no other date. But I am unable to look eye to eye with the union on this point. In a case like the present one it must be held that the seniority is to be counted from the date of last promotion before the disputed one and not from the date of entry in service. If the date of last promotion of two contested employees be same then the date of entry in the service or the year of birth as the case may be is to be taken for consideration.

6. During the pendency of this case the union has filed a petition on 15th June, 1988 stating that the union is not interested to proceed with the case with respect of the claim of Bipranada Karmakar (Sl. No. 1 in the order of Reference) and Prahlad Karmakar (Sl. No. 4 in the order of Reference). As such no dispute exists with respect to these two persons. So a no dispute award is passed with respect to their claim.

7. As regards Ram Kumar Sharma (Sl. No. 6 of the order of Reference), it is now admitted that he was not super-

sed by Rajjit Singh as stated in the order of Reference. In his deposition he has stated that he was superseded by three other persons viz. Itan Sarkar, Fatik Karmakar and Uma Shankar Sharma. In his cross-examination he has clearly stated that besides those three persons none else superseded him. In such circumstances I find that the claim of Ram Kumar Sharma is not sustainable and no dispute exists as per terms of Reference.

8. It is the case of the union that Niranjana Majhi (Sl. No. 9 in the order of Reference), was superseded by B. R. Chakravorty. Admittedly Niranjana Majhi has retired from service on medical ground w.e.f. December, 1990. From the materials on record we find that the year of birth of Niranjana Majhi is 1932 and the year of birth of B. R. Chakravorty is 1941. We find that B. R. Chakravorty was given promotion to the post of Foreman in Tech. Grade 'B' from Grade 'C' w.e.f. 21st April, 1982. It is in evidence (Ext. M-8) that before promotion in 1982 both Niranjana and B. R. Chakravorty served in Category 'C' for the same period of 7½ years. It is admitted that both of them had the same and equal qualifications. It is the case of the management that (statement of MW-2) B. R. Chakravorty was found efficient in comparison to Niranjana Majhi and for that reason B. R. Chakravorty was given promotion. The learned Advocate for the management has urged before me that in this case the statement of MW-2 must be given proper weight and appreciation and the Tribunal shall hold that the promotion given to B. R. Chakravorty ignoring the claim of Niranjana Majhi was proper and just. With due respect to his contention I like to say that before promotion there was no interview, no test, no confidential report regarding the performance of the workman. Considering that aspect I am unable to look eye to eye with Sri Lala, learned Advocate of the management. I find that in this case the principles of natural justice were violated. I find that Niranjana Majhi was senior in age and also in service. Niranjana Majhi joined service in 1953 and B. R. Chakravorty joined in 1961. So I find that Niranjana Majhi was superseded by B. R. Chakravorty and the action of the management is not justified.

We find that Niranjana Majhi has already retired from service. So it must be held that he was given promotion to the post of Foreman in Tech. Grade 'B' w.e.f. 21st April, 1982 and he must be given all monetary benefits of that post from 21st April, 1982 upto the date of his retirement on medical ground holding that he held the post of Tech. Grade 'B' from 21st April, 1982. The management shall pay the amounts so due within six months from the date of receipt of the Award from the Ministry, failing which the amount shall carry 12 per cent compound interest with quarterly break from the date of Award.

9. It is the case of the union that Nandlal Rajak (Sl. No. 5 in the order of Reference) was superseded by Tarini Mondal. From the evidence on record we find that the year of birth of Nandlal Rajak is 1949 and that of Tarini Mondal is 1941. We further find from the evidence that both of them initially entered in the service of the colliery under the Eastern Coalfields Ltd., on 13th May, 1974. On 21st April, 1982 both of them were Pipe Fitters. We find from the record that on 1st October, 1977 Nandlal Rajak got promotion to the post of Pipe Fitter. But according to the management Tarini Mondal got promotion to the post of Pipe Fitter on 1st September, 1977 and in support of that the management has filed Service Card. But this point has been challenged from the side of the union. According to union Tarini Mondal also got promotion to the post of Pipe Fitter on 1st October, 1977 and to substantiate that claim the union called for increment list and certain other documents from the management. The management has failed to produce the said documents. In such circumstances it must be held that the management has withheld the called for documents which would speak in favour of the union, if produced. So I find that both of them were promoted to the post of Pipe Fitter w.e.f. 1st October, 1977.

Before promotion of Tarini Mondal there was no written test. There is no document to show that he was more efficient than Nandlal Rajak. So considering the materials before me

I am of the opinion that the age of them should be the criteria for promotion as both of them joined in the service on the same day and got promotion on the same day. I find

that the management was justified in giving promotion to Tarini Mondal and it cannot be said that Nandlal Rajak was superseded by Tarini Mondal.

But I must express by pious wish that when the channel for promotion will open in future the case of Nandlal Rajak must be considered with open heart.

10. It is the case of the union that Madan Sutradhar (Sl. No. 2 in the order of Reference) was superseded by Nepal Mahato. Madan Sutradhar retired from service on medical ground in 1989. Madan initially joined the colliery service on 14th August, 1960. But Nepal joined on 1st July, 1963. Both of them were in Category V on the alleged date of promotion. From the order of Reference we find that Madan Sutradhar was Fitter and Nepal Mahato was a Mech. Fitter. Sri B. N. Lala learned Advocate of the management has urged before me that the post of a Mech. Fitter was available for promotion on 21st April, 1982. So Nepal Mahato was given promotion as a Mech. Fitter. He has urged before me that the nature of work of Pipe Fitter is quite different from the post of Mech. Fitter. So it cannot be said that Madan Sutradhar was superseded by Nepal Mahato. Considering all the materials before me and the facts and circumstances I am unable to share the view of Sri Lala, the Advocate of the management. I find that both of them were Fitters which is the broad term of the post. So I must say that both Madan Sutradhar and Nepal Mahato stood on the same footing for the purpose of promotion as there was no interview or test before promotion. We find that Madan was senior in service. So I must say that Madan Sutradhar was superseded by Nepal Mahato and the action of the management on that score is not justified.

Madan Sutradhar has already retired from service in 1989. So far all material purposes it must be held that Madan Sutradhar got the promotion to the post of Category VI w.e.f. 21st April, 1982 and he must be given all the monetary benefits by the management w.e.f. 21st April, 1982 till the date of his retirement holding that he held the post in Category VI w.e.f. 21st April, 1982. The management shall pay the amounts so due within six months from the date of receipt of the Award from the Ministry, failing which the amount shall carry 12 per cent compound interest with quarterly break from the date of Award.

11. The union has contended that Taj Md. (Sl. No. 3 in the order of Reference) has been superseded by Trilochan Chatterjee. We find from the evidence that the year of birth of Taj Md. is 1937 and that of Trilochan Chatterjee is 1940. Taj Md. entered in service in 1947 and Trilochan joined in service on 19th March, 1963. Taj Md. got promotion to Category V on 1st September, 1977 but Trilochan got promotion to Category V on 19th May, 1973. It has been contended from the side of the union that principles of natural justice has been violated in the instant case as Taj Md. was superseded by a junior man. I have already expressed my view in a case like the present one that from the date of last promotion the seniority is to be counted and not from the date of initial appointment. We find that in the instant case Taj Mohd. got promotion to Category V after Trilochan. So the seniority of Trilochan is to be counted from 19th May, 1973 and that of Taj Md. is to be counted from 1st September, 1977. Considering that aspect I find that the principles of natural justice was not violated in the instant case. So Taj Mohd. is not entitled to get any relief as the management was justified in giving promotion to Trilochan.

12. It is the case of the union that Ram Murath Biswakarma (Sl. No. 8 in the order of Reference) was superseded by Fatik Karmakar. We find that the year of birth of Ram Murath is 1939 and that of Fatik is 1950. Ram Murath entered in service in 1961 while Fatik entered in service in 1974. The date of last promotion of Ram Murath to Category IV is 1961 and that of Fatik is 1st October, 1977. We find that in the instant case in all the three aspects as stated above, Ram Murath is senior. But his seniority was ignored. It has been contended before me from the side of management that both of them were Blacksmiths in Category IV. But a post of Mechanist fell vacant and because Fatik Karmakar knew the work of Mechanist, he was given the promotion. We have already found that in the instant case there was no interview or test before promotion. No confidential report of perform-

ance was maintained in the office. Considering that aspect I find that in the instant case the principles of natural justice was violated on the plea that Fatik knew the work of Mechanist, so he was given promotion. I find that in the instant case Ram Murath was superseded by Fatik Karmakar and the action of the management was not justified. It must be held that Ram Murath also got promotion w.e.f. 21st April, 1982 and he must be given all the benefits of Category V from that date till the next promotion.

13. It has been contended from the side of the union that Parameshwar Lal (Sl. No. 7 in the order of Reference) was superseded by Sammimuddin. We find that Parameshwar Lal was worker of Mine No. 1 and Sammimuddin was a worker of Mine No. 3. The year of birth of Parameshwar Lal is 1933 and that of Sammimuddin is 1945. Parameshwar Lal entered in service in 1960 but Sammimuddin in 1968. Before the disputed promotion of Sammimuddin Parameshwar Lal got promotion to the post of Tech. Grade 'C' on 1st May, 1975 and Sammimuddin also got promotion to that Category on the same very date (1-5-75).

It has been contended before me from the side of the management that Mine No. 1 and Mine No. 3 are two separate establishments according to the provisions of law and on that score it cannot be said that Parameshwar Lal of Mine No. 1 was superseded by Sammimuddin of Mine No. 3. Admittedly the same Agent is the Administrator of both the mines. It is also admitted that there are separate Managers for each of the mines. On this point I have been taken through Section 2(e)(i) of the Industrial Employment Standing Orders Act, 1946 which reads as follows:—

“(e) Industrial establishment means—

- (i) an industrial establishment as defined in clause (ii) of Section 2 of the Payment of Wages Act, 1936 (4 of 1936)”

and so it is to be read with Section 2(ii)(d) of the Payment of Wages Act 1936 which as follows :

“(ii) “industrial or other establishment” means.....

(d) mine, quarry or oil-field;”

By pointing out the same it has been urged before me that the Mine No. 1 and Mine No. 3 of Chinakuri Colliery are two separate establishments. Sri B. N. Lala, learned Advocate for the management refers from the documents produced in this case that the question of promotion was considered only with respect to the workers working in the same mine. Considering the position of law and the materials before me I find that Mine No. 1 and Mine No. 3 of Chinakuri Colliery are two separate establishments. So it cannot be said that Parameshwar Lal of Mine No. 1 was superseded by Sammimuddin of Mine No. 3.

Be that as it may, if my above finding be upset then the following will be my findings :

I find that in the instant case Parameshwar Lal was senior in age and service. Both Parameshwar Lal and Sammimuddin got promotion for the last time on 1st May, 1975. I must say that in the instant case the principles of natural justice were violated in giving the promotion of Sammimuddin as there was no test or interview before promotion. So on that score my finding is that it must be held that Parameshwar Lal got promotion on 21st April, 1982 to the next higher grade like Sammimuddin and he must be given all the benefits of Category 'B' to the next higher grade and he must be paid all difference of wages till further promotion.

In the result Parameshwar Lal is not entitled to get any relief.

This is my award.

The Government of India in the Ministry of Labour in exercise of the powers conferred on them by clause (d) of sub-section (1) and sub-section (2A) of Section 10 of the Industrial Disputes Act, 1947 has referred the following dispute to this Tribunal for adjudication vide Ministry's Order No. L-22012(438)/90-IR(C.II) dated the 21st March, 1991.

SCHEDULE

"Whether the action of the management of Madhaipur Colliery of M/s. E.C. Ltd., P.O. Nutandanga, Dist. Burdwan, in denying difference of wages of peon in Grade-H to Smt. Santi Devi and Sundari Devi. General Mazdoors w.e.f. 5-8-81 is justified? If not, to what relief are the concerned workmen entitled?"

2. This Reference was received by this Tribunal on 3-4-91. Thereafter registered notice was issued upon both the parties fixing 19-4-91 to file their written statement. The regd. notice was served upon the Organising Secretary of the concerned union on 5-4-91. But no step was taken by the union on the date fixed. For ends of justice the case was adjourned to 2-5-91, then to 17-5-91 and then to 6-6-91. But the union has not taken any interest to appear and take steps. So it seems to me that no dispute exists. Accordingly a no-dispute award is passed in this case.

ANNEXURE

IN THE INDUSTRIAL TRIBUNAL, GUWAHATI, ASSAM

Reference No. 5(c) of 1989

PRESENT :

Shri D. N. Hazarika, Presiding Officer, Industrial Tribunal, Guwahati.

In the matter of an Industrial Dispute between :

The Management of Food Corporation of India.

AND

Their workmen represented by the President, Food Corporation of India Workers' Union, 58 Diamond Harbour Road, Calcutta.

AWARD

This Reference arising out of the Central Government Notification No. L-42011/34/87-D, II, E/D.IV.E dated 3rd January, 1989 relates to the dispute indicated in the Schedule below :

“Whether the action of the Management of Food Corporation of India in retrenching 57 workmen (List at Annexure-A) of Papania Depot engaged in the food handling work w.e.f. January, 1985, is justified? If not, to what relief the workmen concerned are entitled?”

On receipt of the Notification the Reference was registered and notices were issued to the parties to file their written statements. The management filed their written statement. The union have not filed their written statement. No steps were taken in spite of several notices. Management also examined one witness.

Due notice were issued to the parties. Management appeared on receipt of notice. Workman did not appear and contested the reference. It appears from the postal acknowledgement receipt workmen received said notices on two occasions. Hence the case is proceeded without any written statement from workmen side.

From the record it appears this dispute was previously referred to Central Government Industrial Tribunal Calcutta. Industrial Tribunal, Calcutta registered a reference No. being 10 of 1989 and issued notices to the concerning parties. Workmen before the said Tribunal prayed for stay of the hearing as Central Government already transferred this dispute to the Guwahati Industrial Tribunal. From the said petition it appears workmen had acknowledge about this reference.

The management case is that the concerned workmen are not the employees of Food Corporation of India. The concerned workmen were appointed by Central Ware Housing Corporation as their labourers. The management of F.C.I. kept some of the articles in the said Ware House of the Central Government on rental basis. The management never engaged and paid to these labourers for their services, rendered for and behalf of the Central Ware Housing Corporation.

No Industrial Dispute exist as there is no relationship of employer and employee.

In support of this case management examined one witness Mrs. Saianty Kharmawehlang. This witness stated in her evidence that concern workmen number 57 were engaged by Central Ware Housing Corporation. F.C.I. hired a part of the godown (Ware House) belonging Central Ware Housing Corporation. She further stated that as the concern workmen were not employees of F.C.I. question of retrenchment of these 57 workmen did not arise. From the evidence I find that concerned workmen were not employees of F.C.I. In absence of this relationship of employer and employees there cannot exist any dispute between the management and concern workmen. Therefore in view of my above finding it is awarded that no dispute exist and workmen are not entitled to any relief as they were not retrenched by F.C.I.

I give this Award on this 26th day of June, 1991 at Guwahati under my hand and seal.

AND

Their Workman.

APPEARANCES:

For Employers—None.

For the Workman—None.

INDUSTRY : Coal. STATE : West Bengal.

Dated, the 6th June, 1991

AWARD

The Government of India in the Ministry of Labour in exercise of the powers conferred on them by clause (d) of sub-section (1) and sub-section (2A) of Section 10 of the Industrial Disputes Act, 1947 has referred the following dispute to this Tribunal for adjudication vide Ministry's Order No. L-22012/484/90-IR(C.II) dated 15th April, 1991.

SCHEDULE

"Whether the action of the management of Madhaipur Colliery of M/s. E.C.L. P.O. Nutandanga, Dist. Burdwan, in denying difference of wages to Shri Jibananda Kora w.e.f. 1-1-88 is justified? If not, to what relief is the concerned workman entitled?"

2. This Reference was received by this Tribunal on 22-4-91. Then registered notice was issued upon both the parties fixing 15-5-91 for filing written statement by the parties. The registered notice was duly served upon the Organising Secretary of the concerned union on 3-5-91. But none appeared on 15-5-91. For ends of justice the case was adjourned to this date. But none has appeared for the union and no step is taken. So it seems to me that the union is not interested to proceed with the case as no dispute exist. So a non-dispute award is passed in this case.

AWARD

The Government of India as per Order No. L-12012[102] 90-IR BIII dated 18-5-1990 have referred this industrial dispute to this Tribunal for adjudicating the following issue:

"Whether the action on the part of the management of Federal Bank Ltd., in dispensing with the services of Sri C. H. Johnson as a bankman w.e.f. 22-11-82 is legal and justified? If not, to what relief the workman is entitled?"

2. Sri C. H. Johnson, the worker in this dispute has filed a claim statement and his contentions are briefly as under: It is stated in the claim statement that the workman was appointed as a temporary bankman in the West Kallada branch of the Federal Bank Ltd., the management bank, by the general manager on a pay of Rs. 8 per working day. He was working in that branch from 18-9-1982 and satisfied the condition stipulated in the appointment order. He was discharging his duties with utmost loyalty and sincerity. But the Joint General Manager of the management on 22-11-82 dispensed with his services without assigning any valid reasons. There was no allegation or disciplinary action against the worker and no notice was issued to him before terminating his services. Though the workman approached the management several times, the management did not reinstate him. The management made him to believe that he would get a favourable order and hence the worker had to hope for long period. The order of termination by the Joint General Manager is without any authority. According to him the termination is a clear case of victimisation and unfair labour practice. Further case of the workman is that the action taken by the management is arbitrary, illegal, improper and opposed to all principles of natural justice. So the prayer is for reinstatement in service with back wages and other benefits.

3. The case of the workman is resisted by the management. The contentions of the management are briefly as under: It was the practice in the management bank to appoint subordinate staff members on temporary vacancies for short spells of 89 days during and prior to 1982. The temporary hands have no right of employment before the expiry of this period. Such temporary hands will be considered for appointment to substantive vacancies if they make fresh applications. Their performance during their temporary tenure will be a criterion in giving such substantive appointments. Such temporary appointees are

engaged on day today basis on daily wages and they have no vested right of employment. The workman in this case was also appointed as a temporary hand and his performance was not satisfactory to the management. During his tenure of temporary service he worked there only for 28 days. He was absenting from duty in an unauthorised manner during the remaining days. He was misbehaving with the customers of the bank and his co-employees. The management was also stated in detail by the management. The names of staff members and the customers who had complained are also stated in detail by the management.

The workman was fully disloyal to the bank and disobedient and proud. The attempt of the staff to make him normal was found to be in vain. The staff found it difficult to work with him and his non co-operation was causing difficulty in customers service also. He had a tendency to threaten them for silly matters and showed tendency to destroy documents and records. It seemed that he had some mental deace. The management was urged to take appropriate action against the workman and to safeguard the interest of the bank. The branch manager submitted a report regarding the performance and unsatisfactory behaviour of the workman. His presence in the bank was found to be detrimental to the interest of the bank. So it was deemed to be expedient to discontinue his service with the bank. His employment with bank was on a temporary basis. The management did not conduct any enquiry and dismiss him from service for the reason that the management did not want to cause a stigma on his career. Another reason is that it was not expedient to conduct a domestic enquiry in the light of the facts and circumstances stated above. Dispensation of the service was not punitive in nature and hence he has no right to heard. According to the management this is a case of termination of the service when found unsatisfactory and not a termination on account of any misconduct and therefore there is no need to hold the enquiry. It was a simple discharge on formation of opinion that he was not suitable at all for the job of temporary bankman. The order of termination according to the management is an order of simple discharge without involving any stigma and therefore it is valid.

4. The further case of the management is that the workman was unpopular in the locality during 1982 and thereafter he has changed place of his residence. He may be under the impression that he has got salvaged from his past blemishes by doing so. That may be the reason for raking up this dispute after long lapse of 6-1/2 years. The delay in raising this dispute has caused disadvantage to this bank. The management maintains personal records of the employees engaged on temporary basis only for two to three years, after the termination. The management could have defended the case more effectively if the dispute was raised within a reasonable period of time. No valid legal reasons are stated for the undue delay in raising the dispute. The dispute is thus stale and the claim should be disallowed on this ground. The temporary employee has got only right of employment of a temporary nature. He had no continued right of employment. A temporary employee cannot raise any complaint against his termination and claim continued right of employment in any manner. He was terminated in 1982 and he has come forward with a representation in 1989 only for reappointment. He was on the look out of the employment otherwise and failure to get such a job he has approached the bank for appointment. The bank could not accommodate him because of the past bitter experience with him. Now he has come forward with a frivolous claim. The management denies all other statement of the workman in his claim statement. It is also stated that officers of the bank from the cadre of branch manager and above are

competent to appoint and dispense with service of subordinate staff members on temporary basis. The termination of the workman was valid and justifiable reasons. Even after his termination he trespassed into the branch office and abused the manager and office staff and disturbed the functioning of the office. The management has received only one representation from the workman on 30-6-1989 after his termination. The joint General Manager is competent to issue order of termination. According to the management it has acted only in just and reasonable manner and the workman is not entitled to any relief.

5. The workman has filed a rejoinder disputing the contentions of the management and reaffirming the case pleaded by him.

6. The evidence consists of the depositions of the workman as WW1 and Exts W1 to W7 on his side. The manager of the West Kallada Branch of the management during 1982 was examined as MW1 four other witnesses including the staff members from the management bank have also been examined here as MWs 2 to 5. Exts. M1 to M10 have also been marked on the side of the management.

7. The dispensation of the service of the workman is attacked mainly on the ground that the action of the management is illegal, arbitrary and violative of the principles of natural justice. It was contended on behalf of the worker that he was appointed by the management after interview on permanent basis at West Kallada Branch and his services were dispensed with without issuing him any notice. Further there was no allegation or disciplinary action against the worker prior to the impugned order. The workman was appointed as per Ext. W1 order wherein it is specifically stated that he was appointed as a temporary bankman on daily wage basis. According to the management he had worked there only 28 days though he was appointed for 89 days. The then branch manager of the management bank has stated as MW1 before this court that the management used to appoint temporary bankman for 89 days, their names are not entered in the attendance register since they are not permanent employees. Ext. M8 is the attendance register for the period July 1982 to October 1989 wherein the name of the workman is not recorded. The workman has no case that Ext. M8 is a fraudulent document. Ext. M9 is Profit & Loss Account of the Kallada branch for the year 1982 in which the details of wages paid to the workman are stated. The workman has not stated the number of days he worked in that branch. He has no case that he had worked there for 240 days continuously. There is nothing on record to show that he had worked there more than 28 days. The evidence of MW1 and the documents produced by the management particularly Exts. M8 and M9 would clearly show that the workman was appointed only as a temporary hand and not worked there for more than 28 days so as to attract the provisions under Section 25-B regarding continuous service and 25-F regarding retrenchment of the Industrial Disputes Act (the Act for short). It is true that after the termination of the workman the management had appointed Sri Madhavan Pillai in that post and he is continuing there. But that will not help the case of workman that he was appointed as permanent since there is no evidence to prove that he had worked there more than 28 days and that too as permanent hand. Further the name of the above said Sri Madhavan Pillai is also not included in Ext. M8 Attendance Register which also shows that Sri Madhavan Pillai was also not a permanent hand. It is also noteworthy that the workman had approached the bank with Ext. M2 representation on 30-6-1989 only with a request to reinstate him. No evidence is forthcoming to show that he had approached the bank for employment before 30-6-1989 after his termination. According to him Ext. M2 was prepared by one priest in English and the workman only put his signature without knowing the contents as he does not know English language. But no attempt has been made to prove that Ext. M2 was prepared without his knowledge. Even according to his belief the priest who has prepared Ext. M2 will not cheat him and there is no necessity for the priest to cheat the workman. Having admitted the signature in Ext. M2 the burden is on the workman to prove that it was prepared without his knowledge. He failed to discharge that burden. Hence the contention that without knowing the contents in Ext. M2 it was submitted by him to the bank cannot be accepted.

It is stated in Ext. M2 that he had been on the look out for a PSC. job or on employment exchange sponsored job and that seemed impossible. For this reason he requested the bank to reinstate him in the service of the bank. Ext. M2 also shows that the workman not expected permanent employment while working in the bank and that he was only a temporary hand for a short spell. Had he actually worked there as permanent hand he would have very well approached the bank for reemployment or the labour authorities with the present dispute immediately after the termination of his services. This also negatives the case of the workman. Since he was only a temporary bankman and had worked there only 28 days, it was not necessary to give him notice prior to termination or to call for his explanation. The workman has no case that it is a retrenchment. According to the management it is a case of termination of service when found unsatisfactory and it was a simple discharge without involving any stigma. Regarding the reason for dispensation of service regarding his performance I shall discuss later. The dispensation of the service was not punitive in nature and hence he has no right to be heard. The above circumstances make it clear that Sec. 25B, 25I and 25H of the Act are not at all attracted here and hence the contention advanced on behalf of the workman that the action of management is illegal cannot stand.

8. The learned counsel for the management has invited the attention of this Tribunal to a decision of the High Court of Kerala in *Indian Airlines V. Sebastian* [1990(2)LF 958] in support of the argument that Sec. 25B and 25F are not attracted in the present case. In that reported decision the High Court has considered the claim of casual workers for reemployment. The High Court in that case considered in detail Secs. 25B, 25I and 25F and came to the conclusion that casual employees have no right to claim reinstatement since the employees in that case had no continuous service as contemplated in Sec. 25B of the Act. The employees in that case were employed casually whenever required. It is true that in the instant case the workman was not appointed for a specific period. But as I have stated earlier he was appointed purely on temporary basis and had not worked more than 28 days in the management bank. The termination in question will not come within the category of retrenched employees as contemplated by law. Hence the above decision of the High Court fully supports the view which I have taken in the above paragraph.

9. The next point of attack made by the learned counsel for the workman is that the Joint General Manager is not competent to dispense with the services of the workman since the workman was appointed by the general manager of the bank. According to the management the officers of the bank from the cadre of branch manager and above are competent to appoint and dispense with the service of the staff members on temporary basis. No circular in support of the above contention has been produced here. However the learned counsel for the management has contended that the bank employee cannot claim protection under Article 311(2) of the Constitution of India since service conditions of bank employees are governed by separate regulations. Reliance was placed on a decision of the Supreme Court of India in *State Bank of India Vs. S. Vijaya Kumar* (1991) 78 FJR 47. A similar point was involved in that case. While deciding the question the Supreme Court observed at page 56 that the protection guaranteed under Article 311 of the Constitution applies to members of the Civil Services of the Union of India or an All India Service or a Civil Service of a State etc. The workman has no case that he falls in any of the categories stated in Article 311(2) of the constitution and therefore cannot seek any protection under the Article in the light of this decision of the Supreme Court. This contention is also therefore fails.

10. I shall now pass on to the case of management for dispensing with the services of the workman. It is true that the management has not stated any reasons in Ext. W2 termination order. As I have stated earlier it was not necessary since the workman was appointed only as a temporary hand for a short spell of 28 days. However the management has adduced detailed evidence before this court to establish the reasons which led to the termination of the service of the workman. The case of the management

throughout is that the workman was terminated because his performance was not satisfactory and there were complaints from the customers and even from staff members of the bank against the workman. Then branch manager of the Kallada branch of the bank has given evidence as MW1. He has given a detailed version of the behaviour of the workman towards other staff members and the customers. This witness on the basis of Ext. M3 complaint from the public and M4 complaint from the staff made necessary enquiries according to him and sent Exts. M5 to M7 reports to Head Office recommending termination of the service of the workman. M10 is the Despatch Register of the bank. In pages 295, 246 and 247 there are entries showing despatch of Exts. M5 to M7 reports to the Head Office. The workman has no case that MW1 has any kind of enmity towards him. There is no suggestion also as to Exts. M5 to M7 reports are cooked up for the purpose of this case. It has also come out in evidence through MW1 that even after the termination of the service of the workman he had trespassed into the branch and abused the staff and created bad scenes. The evidence of MW1 and Exts. M3 to M7 give a clear picture of the unsatisfactory performance of the workman while he was in service. MW2 is the person who has written Ext. M3 complaint. He has identified his signature and handwriting. It is true that this witness is not remembering about the correctness of Ext. M3 now. But he has admitted that he had put his signature after satisfying the correctness of Ext. M3. On a pointed question from the learned counsel for the workman MW2 has categorically denied that Ext. M3 was not written and submitted to the bank as demanded by the management. MW3 is the first signatory in Ext. M3 complaint. He has deposed that what is stated in Ext. M3 is true and correct. The workman has no case that MWs. 2 and 3 are enmity towards him. On the other hand the workman has deposed that MWs. 2 and 3 are in good terms with him. MW4 was one of the staff members of Kallada branch of the management during the period 1982 when the workman was employed there. MW4 has deposed that the workman was behaving badly towards co-workers and customers and that the staff members have given complaint to the bank manager as Ext. M4. MW4 is also a signatory in Ext. M4. MW5 is also one of the staff members of the management who had worked at Kallada branch during 1982. He is also a signatory in Ext. M4 complaint. This witness has deposed that they have given Ext. M4 complaint regarding the performance of the workman. Nothing has been brought out to disbelieve or discredit the depositions of MWs. 1 to 5. I do not find any reason to disbelieve the evidence of these witnesses and the documents produced by the management bank. It has come out in evidence that the workman was misbehaving towards co-employees, customers and the general public in spite of advice from co-employees and warning from branch manager. The management on the basis of report from the Kallada branch manager regarding the bad performance of the workman has taken appropriate action in dispensing with the service of the workman. The action of the management is perfectly legal and valid and no interference is called for from this Tribunal. There is also no evidence to show that the termination of the workman is a case of victimisation and unfair labour practice.

11. The management has a further case that this dispute has been raised after a long lapse of 6-1/2 years time without any valid reason for the undue delay and therefore the dispute is stale. According to the learned counsel for the management the claim should be disallowed on this score. As contended by the learned counsel for the management there is no valid or satisfactory explanation for the undue delay in raising the dispute. But as per the Act there is no time limit for raising such a dispute and therefore this contention cannot stand. It cannot therefore be said that the dispute is stale.

12. In the result an award is passed holding that the action of the management of Federal Bank Ltd. in dispensing with the service of Sri C. H. Johnson is legal and justified.

ANNEXURE

Reference No. CGIT-22 of 1987

Bombay, dated the 10th day of June, 1991

AWARD PART-II

8. This is in continuation of my Award (Part-I) dated 20th November, 1990, whereby I had held that the domestic enquiry is not vitiated on account of breach of any principles of natural justice, or for any other reason. Now I proceed to decide the question whether the penalty of discharging the Workman from service is justified, and if not, what relief he is entitled to.

9. The particulars of the charges against the Workman which involve misconduct of (i) absence from work/gross negligence in performance of duty (ii) riotous or disorderly behaviour on the premises of the Establishment at Kota Depot during working hours and (iii) commission of acts subversive of discipline, are reproduced below from the two chargesheets dated 17-6-1985.

Charge No. 1. "It has been reported that on 9-5-1985 you were assigned to deliver 12 KL HSD to retail outlet dealer M/s. Bherumal Balchand located at Khanpur vide Invoice No. 972 in Company's tank truck (Registration No. RRR 8772). You left the depot with the above tank truck at about 10.00 a.m. after signing the documents along with Shri Mangilal as a casual helper.

At about 12.45 P.M. you came to the depot and collected Rs. 100 from the Depot Superintendent stating that the Company's tank truck had developed some mechanical defect and was grounded near Vigyan Nagar. After this you returned back to the site where the truck was grounded. After the necessary repair was carried out, you handed over the truck to one Shri Shammil who drove the truck to the retail outlet dealer and brought it back to the Kota Depot. You were found absent from the duties during this period."

Charge No. 2.—"It has been reported that on 13th May, 1985 when Shri L. N. Maheshwari, partner of Raj & Co. came to our Kota Depot at about 10.30 a.m. to meet our Depot Superintendent, Kota, you made an attempt to assault him physically with a motor cycle chain. It was only with the intervention of the Depot Superintendent and other staff that your attempt to physically assault the dealer was prevented."

That the above act amounts to riotous or disorderly behaviour on the premises of HPC at Kota Depot working hours of the establishment and it is an act subversive of discipline."

10. Now before me the Workman does not deny that the charges stand duly proved in the domestic enquiry. In his memorandum of legal submissions he only prays that the penalty of discharge is disproportionately harsh and should be reduced. Indeed in the domestic enquiry he had admitted both charges in so many words. Even so the Management referred to adduce evidence to prove the charges. I have perused the enquiry proceedings and I am satisfied that there is more than adequate evidence to make out both charges against the Workman. Shri Anchan for the Workman and Shri Palshikar for the Management have

filed their submissions in writing. I have also heard them in person.

11. Shri Pulshikar has cited three decisions.—(1) W.P. No. 6152 of 1979 dated 3rd March, 1986 T. Seralan Vs. Presiding Officer II, Additional Labour Court and others, (2) W.P. No. 527 of 1985 Kishore Karkutkar Vs. Voltas Limited dated 31st August 1989 and (3) W.P. 520 of 1989 Dinesh R. Vaghela Vs. Union of India dated 9th August 1989. The first decision is of the Madras High Court and the other two of our Bombay High Court. All the three cases are decided on their peculiar facts and do not enunciate any specific principle of law as such. Needless to say, under section 11-A of the I.D. Act, this Tribunal will have to decide on the basis of the facts proved in the domestic inquiry, whether the penalty of discharge of the Workman from service is harsh. If it is, proper punishment will have to be determined.

12. The charges proved against the Workman are no doubt serious in nature. In the first incident, he handed over the Management's tanker containing Petroleum Products worth Rs. 3 lakh to Shammi an unauthorised person— for being delivered to a retail outlet dealer. Then on 13-5-1985 he attempted to assault one Maheshwari with an iron Chain on the premises of the Management. While I must condemn the irresponsible conduct of the Workman, I cannot also be oblivious to certain other factors which are relevant for deciding the quantum of punishment. As far as the first charge is concerned, the Management do not even suggest that the Workman's motive was to misappropriate the property. It is an admitted position that Shammi did deliver the consignment to the retail dealer. It has come in evidence in the domestic enquiry that after the Workman had taken the tanker from the Management's Petrol installation, it developed a snag on the way. The Workman thereupon returned to the installation, collected Rs. 100 from the Depot incharge, and got the vehicle repaired before making it over to Shammi. All this shows that the Workman was not totally indifferent to his duties and responsibilities. As regards his making over the vehicle to Shammi, his case during the inquiry as well as before me has been that on the material day he was feeling sick and was anxious to see that the consignment did reach the dealer in time, because the working hours on that day were upto 1.30 p.m. only. The Workman further explains that this Shammi was also in the temporary employ of the Management at the material time and that now he is in their permanent service. These are in my opinion mitigating circumstances.

13. Coming to the second charge, the Workman was obviously unjustified in losing temper with Maheshwari and attempting to assault him with chain. Such hot-headedness on the part of an employee of a Public Corporation has always to be deprecated. But then the Workman had put in just 3½ years service at the time of the incident. Obviously he lacked in maturity. He was fair enough to admit his guilt in the domestic inquiry and again in his legal submissions here. He claims that till his discharge he was the sole bread earner in his family consisting of his old parents, wife and children and that now after his discharge the family has been eking out their existence on the wages earned by his wife. If the order of discharge is affirmed, the Workman will be denied a chance to rehabilitate himself. The consequences will be virtually disastrous for the members of his family. As I have already stated above, the Workman was of young age and immature in 1985. There is no ground to presume that his past record is bad. The final order of discharge does not indicate that the competent Authority had considered his past record while imposing the punishment of discharge. I think it would be a pragmatic and just approach to strike a balance by devising such punishment, as will serve as an effective deterrent to him and his co-workmen, and at the same time not result in ruinous consequences for him and his dependants. Reduction of his pay by three stages will, in my opinion, squarely meet the ends of justice.

14. As far as back wages are concerned, normally they should follow reinstatement as a matter of course. However on the totality of circumstances of this case, I will allow

the Workman only half of the back wages. Eventually I make the following Award.

15. The Management's order discharging the Workman with effect from 31-1-1986 is held to be unjustified and hereby set aside. Instead, penalty of reduction of the Workman's pay by three stages with permanent effect as from 31-1-1986 is hereby imposed. He is directed to be reinstated in service with effect from 31-1-1986 with half back wages from 31-1-1986 till this day. He will have all benefits of continuity of service, except as to the reduction in pay and back wages as directed above. Parties shall bear their costs as incurred.

AWARD

By Order No. L-26011/1/90-I.R. (Vividh), dated, the 18th April, 1990, the Central Government in the Ministry of Labour, has in exercise of the powers conferred by clause (d) of Sub-section (1) of Section 10 of the I. D. Act, 1947, referred the following dispute for adjudication to this Tribunal :—

"Whether the action of the management of Meghatuburu Iron Ore Project, Meghatuburu in not paying the officiating allowance/acting allowance to the 10 Junior Electricians who are reported to have been performing the duties of C.P.O./Electrician since August 1986 is justified? If not, what relief are the workmen concerned entitled?"

2. The order of reference for adjudication of the industrial dispute was received in the office of this Tribunal on 24-4-90 and the same was registered as Ref. No. 84 of 1990. Thereafter notices were issued to the parties. But neither the sponsoring union nor the management appeared. In the circumstances I have reason to believe that the sponsoring union and the concerned workmen are not interested in perusing the present industrial dispute. Hence, I am constrained to pass 'No Dispute' Award in the present industrial dispute.

AWARD

1. The Central Government, Ministry of Labour, vide its Notification No. L-41012/80/89-IR (DU) dated 13-12-89 has referred the following dispute for adjudication to this Tribunal :

Whether the Divisional Railway Manager North Eastern Railway, Lucknow is justified in terminating the services of Shri Bachoo Lal Khalasi w.e.f. 15-10-85? If not, what relief the concerned workman is entitled to ?

2. In this case the Union filed rejoinder on 8-1-1991 at camp Lucknow, whereupon it was ordered that the affidavit evidence be filed by the Union by 19-1-1991. On 29-1-1991 parties were absent and the case was ordered to come up on 20-2-91. Again on 20-2-91 the case was adjourned to 22-4-91 for filing of the affidavit evidence on the application of the Union. Since on 22-4-91 the Presiding Officer was on leave as such it was ordered that the case be fixed for 4-6-91 for the same purpose.

3. On 4-6-91 neither the workman nor his authorised representative appeared. Shri B. P. S. Chauhan appeared for the management. Thus from the above conduct of the Union it appears that neither the Union nor the workman himself is interested in prosecuting the case.

4. Therefore, a no claim award is given in the case.

5. Reference is answered accordingly.

Industrial Dispute No. 138 of 1989

In the matter of dispute :

BETWEEN

The President

Doordarshan Karamchhari Congress
1 Abdul Aziz Lane, Lucknow.

AND

The Director,

Doordarshan Kendra,
Ashok Marg Lucknow.

AWARD

1. The Central Government, Ministry of Labour, vide its Notification No. L-42012/74/88-D.II (B) dated 24-5-89 has referred the following dispute for adjudication to this Tribunal :—

Whether the Director Doordarshan Kendra Lucknow was justified in terminating the services of Shri Om Prakash Misra as Peon w.e.f. 15-8-85 ? If not, to what relief the workman was entitled to ?

2. The Industrial Dispute on behalf of the workman has been raised by Doordarshan Karamchhari Congress (hereinafter referred to as Union).

3. The case of the Union is that the workman was appointed as unskilled workman by the management on 21-2-80. When the workman and the Union demanded for regularisation of the services of the workman the management due to malafide intention terminated his services w.e.f. 15-8-85 without notice or notice pay and without payment of retrenchment compensation. After the termination of his services, the management appointed S/Shri Dinesh Kumar, Deo Chandra Pandey, Pavan Kumar etc. The Union has therefore prayed for the reinstatement of the workman with full back wages and continuity of service.

4. The case is contested by the management. The management plead that the workman was engaged from time to time for a particular period purely on casual basis. Hence he was not entitled to any notice or notice pay and even retrenchment compensation. The management further plead that Doordarshan is not an industry.

5. Doordarshan Karamchhari Congress has filed a writ in the Hon'ble High Court of Allahabad, Lucknow Bench. Lucknow, in which the main point for consideration is whether or not Doordarshan is an industry. Therefore, the industrial dispute referred to the Tribunal may be dropped.

6. In its rejoinder the Union alleges that Doordarshan is an industry. Even in the writ petition, while passing the interim order Hon'ble Mr. Justice U. C. Srivastava remarked that so far as relief (a) is concerned there is no bar for the petitioner to approach the Central Government for referring the matter to the industrial court during the pendency of the writ petition.

7. In support of their case the Union has filed the affidavit of the workman. Although in the affidavit reference is made to filing of certain documents as annexures but no such annexures appear with the affidavit.

8. The management was given ample opportunity to lead evidence in defence but they did not utilise the opportunity so given.

9. In his cross examination the workman has deposed that he was kept in service on 21-2-80 and his services were terminated on 15-8-1985. The management took work from

him some time for 18 days, some times for 20 days, some for 22 days and some times for 24 days in a month. There is no evidence in rebuttal. Thus from the evidence of the Union it stands proved that the workman has worked for 240 days or more during the period of 12 months preceding the date of termination of his services. There is no evidence that he was given any notice or notice pay and was paid retrenchment compensation. Therefore, if Doordarshan is held to be an industry the workman's retrenchment would be in violation of the provisions of Section 25 I. D. Act.

10. Without naming anybody the workman has deposed in para 8 of his affidavit that after termination of his services, the management appointed new hands. There being no evidence in rebuttal the Union has been able to make out a case for the workman under Section 25-H read with rule 78 of I. D. Central Rules 1957.

11. With their written statement the management have filed the copy of the interim order dated 13-4-88, passed by the Hon'ble Justice Mr. U. C. Srivastava in writ petition No. 7390 of 1989 Doordarshan Karamchari Congress and another Versus Doordarshan Kendra, Lucknow and others. Towards the end it was remarked by the Hon'ble Judge, that so far as relief (a) is concerned there is no bar for referring the matter to the industrial court during the pendency of the writ petition. Such an observation would have been made only if the Hon'ble Court had treated the management as a Industry and not otherwise. Accordingly it is held that Doordarshan is an Industry.

12. Hence it is held that the action of the Director, Doordarshan Kendra, Lucknow in terminating the services of the workman w.e.f. 15-5-85 is illegal and unjustified. Consequently, the workman is held entitled to reinstatement with full back wages.

13. Reference is answered accordingly.

Industrial Dispute No. 131 of 1989

In the matter of dispute :

BETWEEN

The President,
Doordarshan Karamchari Congress,
1 Abdul Aziz Road,
Lucknow.

AND

The Director,
Doordarshan Kendra,
5 Meerabai Marg,
Lucknow.

AWARD

1. The Central Government Ministry of Labour vide its Notification No. L-42012/54/88-D.II (B) dated 19-5-89, has referred the following dispute for adjudication to this Tribunal :

Whether the Director, Doordarshan Kendra, Lucknow was justified. In terminating the services of Shri Aditya Prakash Pandey w.e.f. 16-1-87 ? If not, what relief the workman is entitled to ?

2. The industrial dispute on behalf of the workman has been raised by Doordarshan Karamchari Congress (herein after referred to as Union).

3. The case of the Union is that the workman was appointed as a unskilled labour in October, 1984, by the management of Doordarshan Kendra Lucknow. When the workman and the Union made a demand for regularisation of the services of the workman, the management, due to malafide intention, terminated his services w.e.f. 16-1-1987 without notice or notice pay and without payment of retrenchment compensation. The Union has further alleged that the management appointed new hands after the termination of the services of the workman. The Union has, therefore, prayed that the workman be reinstated with full back wages and continuity of service.

4. The case is contested by the management. The management plead that the workman was engaged from time to time for a particular period purely on casual basis. Hence he was not entitled to any notice or notice pay and even retrenchment compensation. The management further plead that Doordarshan is not an Industry.

5. Doordarshan Karamchari Congress filed a writ petition in the Hon'ble High Court of Allahabad Lucknow, Bench Lucknow, in which the main point for consideration is whether or not Doordarshan is an Industry, therefore, the industrial dispute referred to the Tribunal may be dropped.

6. In its rejoinder, the Union alleges that Doordarshan is an Industry. Even in the writ petition, while passing the Interim order Hon'ble Mr. Justice U. C. Srivastava remarked that so far as relief (a) is concerned there is no bar for the petitioner to approach the Central Government for referring the matter to the industrial court during the pendency of the writ petition.

7. In support of their case, the Union has filed the affidavit of the workman. Although in the affidavit reference is made to filing of certain documents as Annexures but no such Annexures appear with the affidavit.

8. The management was given ample opportunity to lead evidence in defence but they did not utilise the opportunity so given.

9. In his affidavit, the workman has deposed that he was appointed by the management of Doordarshan Kendra Lucknow in October, 1984. In para 6 of his affidavit he has deposed that the management have issued a certificate of working days in respect of the period from 1984 to 1st January, 1986, but did not issue a certificate in respect of his working days of the subsequent period prior to the date of his termination. No such certificate has been filed although it is stated that it is Annexure 2 to the list of documents. In para 7 he has deposed that he had completed one year continuous service and also 240 days continuous service in a year. In para 10 he has deposed that after the termination of his services the management appointed new hands. A bare reading of the affidavit will show that the authorised representative for the Union had taken no pains to prepare the affidavit properly. Any way the case stands proved when we took into the statements made by the workman during his cross examination.

10. In his cross examination, the workman has deposed that he had brought with him the original appointment letter dated 27-9-84 by means of which he was asked to report for duty on 29-9-84. He has also deposed that he used to get work some times for 25 days in a month, and some times 27 days in a month. It follows that he had worked for more than 240 days during the period 12 months preceding the date of termination of his services. So if Doordarshan is held to be an Industry, the termination of services of the workman would be illegal being in violation of the provisions of Section 25-F and 25-H I.D. Act, read with Rule 78 of I. D. Central Rules, 1957.

11. With their written statement the management have filed the copy of the interim order dated 13-4-88, passed by Hon'ble Mr. Justice U. C. Srivastava in writ petition No. 7390 of 1989, Doordarshan Karamchari Congress and another Vs. Doordarshan Kendra Lucknow and others. Towards the end it was remarked by the Hon'ble Judge that so far as relief (a) is concerned there is no bar for the petitioners to approach the Central Government for referring the matter to the Industrial Court during the pendency of the writ petition. Such an observation would have been made only if the Hon'ble Court have treated the management as an Industry and not otherwise. Accordingly it is held that Doordarshan is an Industry.

12. Hence, it is held that the action of the Director Doordarshan Kendra Lucknow in terminating the services of the workman w.e.f. 16-1-87, is illegal and unjustified consequently, the workman is held entitled to reinstatement with full back wages.

13. Reference is answered accordingly.

Industrial Dispute No. 36 of 1989

In the matter of dispute :

BETWEEN

Doordarshan Karamchari Congress,
Through President,
1 Abdul Aziz Lane, Lucknow.

AND

The Director,
Doordarshan Kendra,
Ashok Marg, Lucknow.

AWARD

1. The Central Government, Ministry of Labour, vide its Notification No. L-42011/60/87-D.II (B) dated 23-1-1989, has referred the following dispute for adjudication to this Tribunal :—

Whether the Director, Doordarshan Kendra, Lucknow was justified in terminating the services of S/Shri Pawan Kumar w.e.f. 16-1-87 and Ashok Kumar, Vishnool Dayal, Vijai Kumar and Rajesh Kumar Tiwari w.e.f. 1-1-87. If not, what relief the concerned workmen were entitled to ?

2. The industrial dispute on behalf of five workmen has been raised by Doordarshan Karamchari Congress (hereinafter referred to as Union).

3. The case of the Union is that S/Shri Pawan Kumar Ashok Kumar, Vishnool Dayal, Vijai Kumar and Rajesh

Kumar Tiwari were appointed by the management of Doordarshan Kendra as casual workmen in 1983, 1982, 1983, 1984 and 1983 respectively. Due to malafide intention, the management resorted to unfair labour practice by giving artificial breaks in service of 8 to 10 days so that they could not complete 240 days of continuous service. When the workmen and the Union represented to the management for their regularisation the management punished these workmen by terminating their services w.e.f. 1-1-1987 without notice or notice pay and without payment of retrenchment compensation. The Union alleges that the management was guilty of violation of the provisions of Section 25-F and 25-G of the I. D. Act. After the termination of their services some new hands were appointed by the management without giving any chance to the workmen who had already completed 240 days of working in a year. The Union has, therefore, prayed for their reinstatement in service with full back wages and continuity of service.

4. The case is contested by the management. The management plead that the workmen were engaged from time to time for a particular period purely on-casual basis. Hence they were not entitled to any notice or notice pay and even retrenchment compensation. The management further plead that Doordarshan is not an Industry.

5. Doordarshan Karamchari Congress has filed a writ petition before the Hon'ble High Court, Allahabad, Lucknow Bench Lucknow, in which the main point for consideration is whether or not Doordarshan is an Industry. Therefore, the industrial dispute referred to the Tribunal may be dropped.

6. In its rejoinder the Union alleges that Doordarshan is an Industry. Even in the writ petition, while passing the interim order Hon'ble Justice Mr. U. C. Srivastava remarked that so far as relief (a) is concerned there is no bar for the petitioners to approach the Central Government for referring the matter to the Industrial Court during the pendency of the writ petition.

7. In support of its case the Union filed the affidavit of all the five workmen but has examined only 3 of them namely, S/Shri Pawan Kumar, Vishnool Dayal and Rajesh Kumar Tiwari. The Union has also filed a number of documents in respect of its case on 16-3-90 but no attempt was made by the Union to prove these documents. In this case, the management have led no evidence oral or documentary. The Union's evidence was closed on 10-1-90 when 19-2-91 was fixed for filing of the affidavit evidence by the management. On 19-2-91, no one appeared on behalf of the management, but despite that time till 13-3-91 was given to the management for filing of affidavit evidence. On 13-3-91, on the application of the management time till 12-4-91 was given for the same. On 12-4-91, once again no one appeared on behalf of the management. This time also the Tribunal sue moto given time till 10-5-91 for filing of affidavit evidence to the management. On 10-5-91, also none appeared for the management whereupon looking to the disinterestedness of the management in the case, the Tribunal closed the management's evidence and fixed 6-6-91 for arguments.

8. The first question to be considered in this case is whether or not Doordarshan is an Industry. With their written statement the management have filed the copy of the interim order dated 13-4-88 passed by Hon'ble Mr. Justice U. C. Srivastava in writ petition No. 7390 of 1989, between Doordarshan Karamchari Congress and another Versus Doordarshan Kendra Lucknow and others. Towards the end it was remarked by the Hon'ble Judge that so far as relief (a) is concerned there is no bar for the petitioners to approach the Central Government for referring the matter to the Industrial Court during the pendency of the writ petition. Such an observation would have been made only if the Hon'ble Court had treated the management as an industry and not otherwise. Accordingly it is held that Doordarshan is an Industry.

9. The second point which arises for consideration is whether the management violated the provisions of Section 25-F I. D. Act while terminating the services of the five workmen. As said earlier S/Shri Vijai Kumar and Ashok Kumar have not been examined in the case by the Union.

There is no evidence on behalf of the Union to prove so far as these two workmen are concerned that they had worked for 240 days or more during the period of 12 months preceding the date of termination of their services. So in the absence of any evidence, it cannot be held that the management was guilty of violation the provisions of Section 25-F I. D. Act in respect of these two workmen.

10. In his affidavit, Shri Pawan Kumar has deposed that he had worked for 240 days continuously in a year before the termination of the services at Doordarshan Kendra Lucknow. He has further deposed that at the time of termination of his services he was not paid retrenchment compensation nor he was given any notice nor paid notice pay. Lastly he has deposed that new hands were appointed by the management without giving him any chance. Similar types of affidavits have been filed by S/Shri Vishnoolal Dayal and Rajesh Kumar Tiwari.

11. In his cross examination, Shri Pawan Kumar has deposed that he used to be given work for 14 days in rotation but some times in lieu of other man who was to come in his place he used to get 14 days work in a month. Since there is no rebuttal of the evidence from the side of the management I believe him. There is every probability that in lieu of his having been utilised for the other man he might have complete 240 days of service during the period of 12 months preceding the date of termination of his services.

12. Shri Vishnoolal Dayal in his cross examination has deposed that he used to get work some times for 14 days and some times for the whole of the month. He admits that in 1986 for two months he was not giving any duty. In the absence of any evidence in rebuttal he too is held

as having worked for 240 days or more during the period of 12 months preceding the date of termination of his services.

13. In his cross examination Shri Rajesh Kumar Tiwari, has deposed that some times he worked for 25 days in a month. Thus he too has been able to prove that he had worked for 240 days or more within the period of 12 months prior to the termination of his services by the management.

14. Hence, in the case of these three workmen it is held that the management committed breach of Section 25-F I. D. Act. Since there is also evidence to the effect that new hands were appointed without giving them any chance, the management also violated the provisions of Section 25-H I. D. Act, read with Rule 78 of the I. D. Central Rules, 1957.

15. Therefore, it is held that the action of the management of Doordarshan Kendra in terminating the services of S/Shri Pawan Kumar, Vishnoolal Dayal and Rajesh Kumar Tiwari w.e.f. the dates given in the reference order was not justified. They are, therefore, held entitled to their reinstatement with full back wages. In respect of the remaining two workmen namely, Shri Ashok Kumar Tiwari and Vijay Kumar, the action of the management is held as justified.

16. The reference is answered accordingly.
